"RATIO" Warehouse shelf

"Ratio" is an economic shelf that is extremely strong and useful for warehouses and archives, giving the best price-quality ratio.

For maximum resistance, even for high loads that could not necessary be just books and folders, all the shelves can be provided with a back canopy.

Even extremely cheap, according to all customer needs, also "Ratio" is available with lots of accessories: it is possible to choose between front and back panels, closing doors, drawers and dividers.
